**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My Internet Service Provider (Sonic.net) uses unbundled copper and inter-city fiber transport elements. I have AT&T, Verizon and other bigger ISPs in my area which regardless of what they offer does not match the quality of service that my ISP provides. If you remove their ability to provide that service because of dismantling those infrastructure/elements then you will materially affect my family's access to quality service internet.
